Filed: **08/22/2003**

Examiner: **DEJONG, ERIC S**

Title: **Integrated biosensor and simulation system for diagnosis and therapy**

**Transmittal**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The enclosed copies of printed publications are NPL references associated with the IDS filed today, 7/23/2009, in the above-referenced application. The EFS filing limit of 60 files necessitated a separate filing for the balance of the NPL documents, which correspond to citations 50 through 102 on the IDS SB08B forms.

Applicant respectfully submits that Applicants' claimed invention is patentable over these references. It is understood that the Office may find additionally relevant material in these or other references.
